

FIRE PREVENTION MONTH WITH FIRE MARSHAL AND PERMIT SERVICES

The City of Laurel takes Life Safety Code very seriously and with October being Fire Prevention Month, the Department of Fire Marshal and Permit Services has some safety tips to assist you this season.

Fire Safety Week: October 8th - 14th

This year’s Fire Prevention Week campaign is “Cooking Safety Starts with YOU.” Please pay attention! Fire prevention works to educate everyone about simple, but important actions they can take to keep themselves and those around them safe when cooking.

The Importance of Fire Safety Prevention

Every day fires devastate homes and businesses across the state and nation. Fires don’t just cause property damage, though. Without proper fire safety knowledge, fires can lead to injuries or loss of life. That should not be the case with homes or businesses if we have fire safety prevention plans in place.

Prevent Home Fires: Home fires can be preventable. The following are simple steps that each of us can take to prevent a tragedy -

Protect, Install Smoke Detectors

First and foremost, install smoke detectors in every bedroom and they should also be outside each sleeping area and on every level of the home! Test all smoke detectors at least once a month by pressing the test button to be sure the alarm is working. A smoke detector should be on the ceiling or high on the wall. People who are hard-of-hearing or deaf can use special alarms that have strobe lights and bed shakers. And be sure to replace all smoke alarms when they are 10 years old.

Cooking

Stay in the kitchen when you are frying, grilling or broiling food. Turn off the stove if you leave the kitchen for even a short period of time. Wear short, close-fitting or tightly rolled sleeves when cooking. Position barbecue grills at least 10 feet away from siding and deck railings, and out from under eaves and overhanging branches. And keep a fire extinguisher handy!

Electrical and Appliance Safety

Frayed wires can cause fires! Replace all worn, old or damaged appliance cords immediately and do not run cords under rugs or furniture. If an appliance has a three-prong plug, use it only in a three-slot outlet. Immediately shut off, then professionally replace, light switches that are hot to the touch and lights that flicker.

Holiday Safety

Turn off holiday lights at night or when you leave the house. Replace any string of lights with worn/broken cords or loose bulb connections. Keep candles at least 12 inches

away from flammable materials or use flameless candles. Water your Christmas tree daily and don’t let it dry out! Make sure your tree is at least three feet away from any heat source, like fireplaces, radiators, candles, heat vents and not blocking an exit. Don’t overload extension cords and outlets.

Portable Space Heaters

Keep combustible objects at least three feet away from portable heating devices. Only buy heaters evaluated by a nationally-recognized laboratory, such as Underwriters Laboratories (UL). And check to make sure the portable heater will automatically switch off if the heater falls over.

Remember Get Out, Stay Out!

Every room needs two ways out. Make sure your bedroom, or where you sleep, has a smoke detector that will sound an alarm wake you up quickly! You must be able to hear the beep, beep, of the smoke detector wherever you sleep! Have a meeting place outside the home, like a neighbor’s home, a special tree, a mailbox, or streetlight. Once you are outside, stay outside! Wait for your family to meet you.

These are just a few tips to keep your family safe. For more information, visit www.cityoflaurel.org/permits or www.nfpa.org! Remember..... Fire Safety Starts with YOU!

Department of Communications: New Podcast Studio Unvelled

The Department of Communications works to bring our citizens new and innovative ways to spread the news and information about all things Laurel and they are pleased to let you know **Podcast City Studios**, powered by Laurel TV, is now open for business.

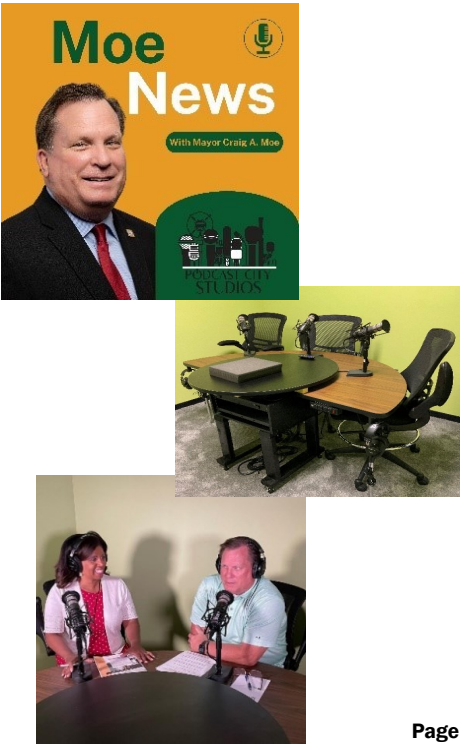

The state-of-the-art podcast recording studio features the latest technology for audio and video shows. Content creators, residents and artists can participate in one of the fastest growing platforms for exchanging ideas, listening to entertaining conversations, and receiving news that impacts you.

Mayor Moe recorded the first episode of Moe News in the Podcast Studio on September 8th

with Communications Director Audrey Barnes as his guest. Catch this inaugural episode by dropping the following address into your favorite podcast player: <https://feeds.buzzsprout.com/2238084.rss>. If you would like to record a podcast, you can purchase a membership that can be tailored to your needs for several episodes, or, if you prefer, just book the space for an episode or two.

To learn more about how to become a member, pricing or to book a space in their podcast studio, visit: www.cityoflaurel.org/comm/podcast-room or email your questions to podcasts@laureltv.org. The Studio is available Monday-Friday 9am-5pm.

You can find Podcast City Studios’ content on major platforms like Apple, Amazon, Spotify, or wherever you listen to your favorite podcast.

WHAT’S NEW IN GREEN LIVING

Fall is Here....

Temperatures are dropping and the leaves are falling. Public Works will be sending the leaf vacuum around starting in October! Check the City’s website, www.cityoflaurel.org, for an exact start date and check out the map in the 2023 Calendar for your scheduled days. When in doubt, you can contact Public Works at dpw@laurel.md.us, or call them at 301-725-0088.

Composting and Loose Leaves! Leaves may be added to your organic food waste! Use your curbside cart and mix and mingle food waste with your leaves, then place your cart at the curb on your normally scheduled day.

Compost your Pumpkins! Schedule a pumpkin pickup for November 1st by contacting Public Works at 301-725-0088 or by email at DPW@laurel.md.us by October 31st. Already a regular composter? Just put your pumpkin in your cart. It’s that easy!

Signing Up for Curbside Composting is a Breeze! Send an e-mail to DPW@laurel.md.us or greenliving@laurel.md.us with your name, address, phone number and e-mail address. Your countertop container, a set of bags, and an outdoor cart with a locking lid, will be delivered to your home within 7 business days.

We Need Your Input! The City is undertaking the second phase of the Sustainability Plan – and we need you!

Who: The Laurel Sustainability Document will be written by City citizens with any needed expert input and not the other way around! What do you want in the official document? We are looking for innovators, enthusiasts, planners, and anyone with a sustainability idea!

Why: To succeed, our Sustainability Framework must be by and for all the people of Laurel.

When: Prepare the Document this Fall and early Winter, 2023.

How: We’ll form focus groups and contact you later this month regarding meeting dates. Please contact greenliving@laurel.md.us. Check out the graphic for some of the areas we’ll be focusing on!

People <ul style="list-style-type: none">No hunger (eg, SNAP benefits at farmers' market)Zero povertyGood health & well-being (eg, walking paths)Quality educationEquality (eg, healing of social tissue)	Prosperity <ul style="list-style-type: none">Affordable & clean energy (eg, solar panels)Decent work & economic growthIndustry, innovation & infrastructureReduced economic inequalitiesSustainable cities & communities
Planet <ul style="list-style-type: none">Clean water/sanitation (eg, recover/reuse waste)Responsible consumption/production (eg, no plastic bags)Climate action (eg, composting, recycling)Life below water (eg, no more plastic bags)Life on land (eg, guard earthworms, help bees)	Peace & Partnership + _____ <ul style="list-style-type: none">Respect, justice & strong institutionsPartnerships for these goals (neighborhood, city, state, nation)Other: _____+Other: _____+Other: _____+Other: _____

And last, but not least, thank you all for supporting the City’s Farmer’s Market at the Laurel Quill Lot! For our first time out, it went well and our farmers/vendors are excited to be part of the Laurel community. If you have any thoughts on how we can improve the market for next year, send us an email at greenliving@laurel.md.us.

Questions about our environmental programs can be sent to Michele Blair at greenliving@laurel.md.us or call 301-725-5300.

Octubre es El Mes de La Prevención de Incendios

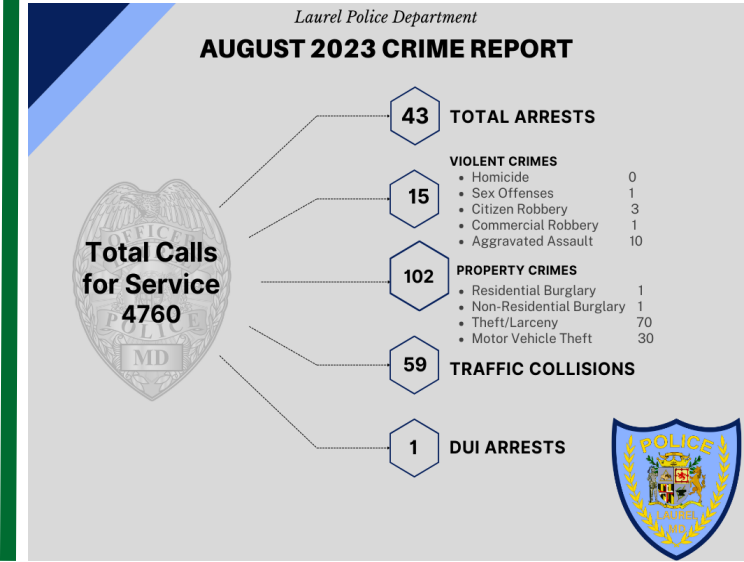

La Ciudad de Laurel toma muy en serio el Código de Seguridad Humana y dado que octubre es el Mes de la Prevención de Incendios, el Departamento de Bomberos y Servicios de Permisos tiene algunos consejos de seguridad para ayudarlo en esta temporada. La campaña de la Semana de Prevención de Incendios de este año es "La seguridad en la cocina comienza CONTIGO". ¡Por favor pon atención! La prevención de incendios trabaja para educar a todos sobre acciones simples pero importantes que pueden tomar para mantenerse seguros a sí mismos y a quienes los rodean mientras cocinan. Para obtener más información, visite www.cityoflaurel.org/permits. Recuerde... ¡La seguridad contra incendios comienza con USTED!

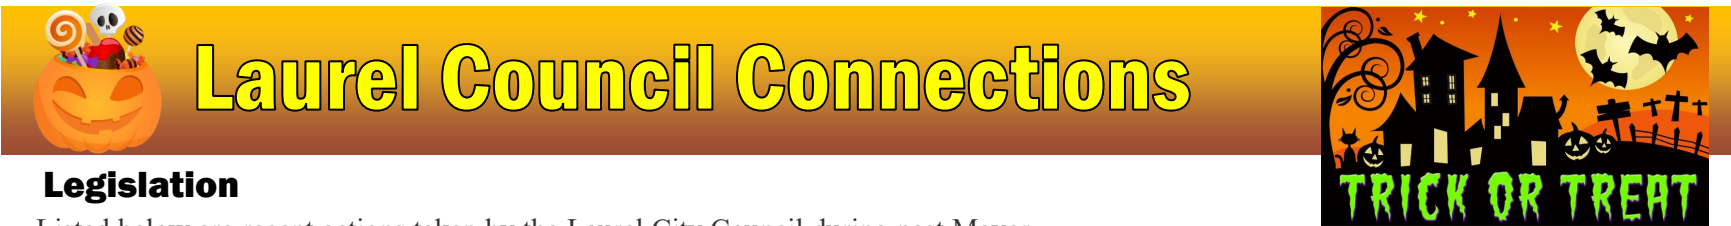

Nueva Sala de Podcasts Revelada

El Departamento de Comunicaciones trabaja para enseñar a nuestros ciudadanos formas nuevas e innovadoras de difundir noticias e información sobre todo lo relacionado con Laurel y se complace en brindarles que Podcast City Studios, impulsado por Laurel TV, ya está abierto al público. Para obtener más información sobre cómo convertirse en miembro, los precios o reservar un espacio en su estudio de podcasts, visite: www.cityoflaurel.org/comm/podcast-room.

LAUREL POLICE

Laurel Division of Emergency Management: Be Prepared for Hurricanes

The Atlantic Hurricane Season is well underway. While it may be easy for us as residents of Maryland to feel a sense of security, the residual effects of hurricanes, including heavy rains, flooding, and power outages can disrupt lives more than you expect. Although our region does not often experience the direct impacts of hurricanes, this should not overshadow the importance of proactive preparedness.

Hurricanes can bring with them devastating and dangerous secondary hazards. Hazards, such as storm surge, wind damage, rip currents, and flooding, follow in the path of the hurricane. To prepare for these hazards it's important to understand what risk you may face and take the proper steps to proactively prepare for their impacts. Taking action to prepare you and your family before a storm is making headlines will allow you to take action to keep you and your loved ones safe.

- The following are some tips to help you prepare:
- **Stay informed:** Hurricanes slowly approach over several days. Follow emergency alerts and warnings to receive the most up-to-date information.
 - **Make a Kit:** Prepare an Emergency Preparedness Kit for you and your family. Have extra clothes, blankets, flashlights, batteries, and other necessary items prepared in the event you need to evacuate your home.
 - **Stockpile:** Gather 3-days worth of non-perishable food and water for every member of your family. One gallon of water per person per day is recommended.
 - **Make Copies:** Make copies of important documents such as personal IDs, birth certificates, social security cards, medical information, and insurance records.

For more information, visit <https://www.ready.gov/hurricanes>.
