

SHOP SMALL WITH ECONOMIC AND COMMUNITY DEVELOPMENT

The Department of Economic and Community Development (ECD) maintains and oversees the built environment within the City of Laurel. The Department is responsible for zoning compliance, subdivision and development review, historic preservation review, economic development, affordable housing, and implementation of the City's Master Plan. These activities are intended to improve the life quality in the City. Department staff work to provide these services in a timely and efficient manner while promoting high-quality development which is compliant with State of Maryland regulations and statutes. The City of Laurel is the only jurisdiction in Prince George's County that has its own planning and zoning authority.

Planning and Zoning

ECD oversees the administration of the Unified Land Development Code (ULDC), including written and oral explanations and interpretations. This document serves as the City's zoning ordinance which determines the uses allowed in various zoning districts throughout the City. The City Planners will review permits and zoning applications to ensure compliance with the ULDC including use and occupancy, building, fence, deck, and sign.

Shop Small!

November 25th is Small Business Saturday! We encourage everyone to shop locally and support the small businesses throughout the City. Please follow our ECD Facebook page at www.facebook.com/LaurelECD

and our Instagram page at www.instagram.com/laurelecd for more information about Small Business Saturday, as well as other ECD events.

ECD offers a variety of services to support local businesses throughout the City. From startup, business expansion and relocation assistance to financial incentive programs, we offer services to aid individuals at every stage of their business. For more information, visit: www.cityoflaurel.org/work#Services.

Historic District Commission

The City of Laurel Historic District consists of seven individual, but contiguous districts, located in the northernmost part of the City, all of these districts fall under the design review authority of the Historic District Commission. If you live or work in the Historic District, any exterior work needs approval.

HOW TO APPLY

There are a few ways:

- Use the online e-permits system:

www.cityoflaurel.org/permits/permits/epermits. Email your application to ecd@laurel.md.us and all supporting documents.

- Mail in your application to 8103 Sandy Spring Road Laurel, MD 20707 Attn: Historic District Commission or
- Place your application in the drop off box at 8103 Sandy Spring Road Laurel, MD 20707

The City of Laurel offers a tax credit for approved and qualifying EXTERIOR preservation and restoration projects to structures located in the Historic District. Tax credits are for the materials of the work ONLY. Delivery and warranty fees are not included. The amount of the tax credit is ten percent (10%) of the total expense of the approved work, which must conform with the criteria as established by the HDC Certificate of Approval. An HDC Tax Credit Application must be obtained in order to receive a tax credit. For more information, email them at ecd@laurel.md.us or check out all HDC information at <https://www.cityoflaurel.org/boards/commissions/historic-district-commission>.

If you have any questions for ECD staff, please contact us at ecd@laurel.md.us or 301-725-5300.

VOLUNTEER LAUREL! LIFTING UP COMMUNITY SERIES

What makes a strong community? The answer of course is the people! It's because of YOU, our residents, that we are growing our Volunteer Laurel program!

Over the next few months, we will share the importance of volunteering and ways you can connect with these opportunities through a series of quick articles. We anticipate this will give you more insight as to why we need your help building Laurel's Volunteer program!

Did You Know:

- In terms of monetary worth, volunteers are valued at \$31.80 per hour? That is up from \$29.95 in 2022!

What is the importance of this value? When we add the volunteer hours in 2023, we can multiply that by the given worth of a volunteer and then let you know how much time and money our valuable volunteers have saved the City residents in helping clean up and beautifying our parks, taking time out of their schedules to sit on Boards, Commissions and Committees to help make the City a better place to live, work and play and assist in events and programs so our residents can thrive!

How can you become a volunteer you ask?

Well, let us tell you! Visit our website at www.cityoflaurel.org and on the home page is a link to our Volunteer Laurel! program. Take a look at the volunteer opportunities available through the City and local organizations. Decide how much time you have to give, do your research and then call 301-725-5300 ext. 2109 to speak with the Volunteer Coordinator Carreen Koubek, to check out the next steps. OR, go to the website, fill out an online volunteer application and we can add you to our database. As we have a need for volunteers for different events, we will send out an email asking for help and if you can, just email us back. It's that simple! Thank you in advance for your consideration of helping grow Volunteer Laurel!

COMPOSTING REDUCES LANDFILL WASTE

Composting is nature’s way of recycling. It is one of the most powerful actions we can take to reduce our trash, address climate change, and build healthy soil. By turning our food scraps and yard trim into compost, we can transform our waste streams into a beneficial, value-added soil amendment and use it to protect the environment and create resilient communities. (Environmental Protection Agency).

Fact or Fiction

Compost attracts rodents!

FICTION: Using the enclosed curbside composting cart with the locking lid is a sure-fire way to deter wildlife from snacking on organic waste.

Composting is too complicated!

FICTION: We make it so easy....instead of throwing your food waste and other acceptable organic materials into your trash can – use the countertop container with the bags provided and throw it in the curbside cart. Then, just roll the cart to the curb on your collection day!

Not all food is compostable.

FICTION: The City’s curbside organics collection accepts meat, bones, seafood shells, spoiled food, and cheese just to name a few. Residents will receive a card listing the compostable items along with their carts. In addition to food waste, residents may also put leaves and grass clippings in their carts – no need to schedule an additional yard debris collection – just put out the curbside organics cart with your food waste mixed with grass/leaves out on your regular collection day.

Composting Reduces Landfill Waste and Trash Overflow.

FACT: Waste reduction is another benefit of composting, since it is generally made from waste (food scraps, organic byproducts, etc.) that is diverted from landfills and incinerators. This reduces the amount of waste disposed and upcycles those materials into a productive, environmentally beneficial product.

Composting Saves Money.

FACT: The City pays less per ton for organics waste delivered to our local compost processing facility than to the landfill. On average there is a \$50/ton savings. The more we compost, the more we save, which means the more we can invest in other programs! Signing up for curbside composting is easy – send an e-mail to DPW@laurel.md.us or greenliving@laurel.md.us – include your name, address, phone number and e-mail address. Your countertop container, a set of bags, along with an outdoor cart with a locking lid, will be delivered to your home within 7 business days!

Questions about our environmental programs can be sent to Michele Blair at greenliving@laurel.md.us or call 301-725-5300.

Compre en Pequeño, Compre Localmente

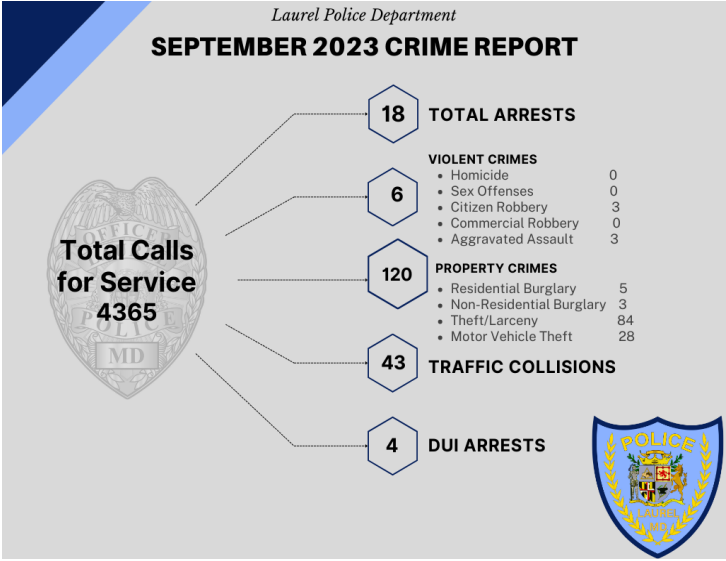

¡El 25 de noviembre es el sábado de las pequeñas empresas! Alentamos a todos a comprar localmente y apoyar a las pequeñas empresas en toda la ciudad. Siga nuestra página de Facebook de ECD (Departamento de Desarrollo Económico y Comunitario) en www.facebook.com/LaurelECD y nuestra página de Instagram en www.instagram.com/laurelecd para obtener más información sobre el sábado de las pequeñas empresas y otros eventos de ECD. O llame al Departamento de Desarrollo Económico y Comunitario al 301-725-5300 ext. 2302 para más información.

¡Laurel Voluntario! Programa

¿Qué hace que una comunidad sea fuerte? ¡La respuesta, por supuesto, es la gente! ¡Es gracias a USTEDES, nuestros residentes, que estamos haciendo crecer nuestro programa Voluntario de Laurel! ¡Visite nuestro sitio web en www.cityoflaurel.org y en la página de inicio hay un enlace a nuestro programa Voluntario de Laurel! Mira las oportunidades de voluntariado disponibles de la ciudad y las organizaciones locales. Luego complete una solicitud de voluntariado en línea y podremos agregarlo a nuestra base de datos. ¡Es así de simple!

Laurel Division of Emergency Management: Holiday Preparedness: Home Cooking Safety

What do you picture when you think about the Holidays? Tables of food, football games, family and friends, hours of cooking in the kitchen? With so much going on during the holidays, it can be easy to get caught up in the excitement and forget about safety precautions, resulting in accidental injuries or fires.

Cooking safety probably isn't the first thing that comes to mind when planning your holiday meals, but we hope we can change your mind. Thanksgiving is the peak day for home cooking fires, followed by Christmas Eve and Christmas Day. Exercise caution and do your part to keep the holiday season safe and full of cheer:

- If deep frying your turkey, set up the fryer outdoors away from anything that can burn. The garage and deck don't count! And completely thaw the turkey before frying. A partially frozen turkey will cause hot oil to splatter.
- Install a smoke detector near the kitchen.
- Never leave food you are cooking unattended.
- Keep kids and pets at least 3 feet away from the cooking area.
- Keep loose items – potholders, oven mitts, towels – away from the stove.
- For small grease fires, smother the flame by sliding the lid or a plate over the pan and turn off the stovetop.
- For an oven fire, turn off the oven and keep the door closed.
- Have a fire extinguisher in an easy access area close to the kitchen.
- Always call 9-1-1 if a fire starts and exit your home, closing the door behind you.

For more safety tips, visit NFPA.org. Happy Thanksgiving!
